How to Play This Game:

Call a K.T.C. (Kitchen Table Conference) and ask that each family member bring a pencil. Tell them, they just inherited the house, congratulations. Now, they'll want to throw a celebration party so what will it take to get the house ready for the party? Each person puts their initials beside the job they're willing to take as the paper is passed from person-to-person. The "ugly jobs" are rotated so that the same person doesn't get that job week after week. Post this paper of the fridge and get to work as a team. This game helps everyone realize there is no such thing as "Clean Up Fairies" that enter the house and magically clean up. It's the opportunity we are given to be a part of the family team.
